Team Project Overview

This Team Project is the final assignment for the eCourse. You are required to work in your assigned teams. The goal of this project assignment is to track your Carbon Production Activities **(CPAs)** and Carbon Reduction Activities **(CRAs)** to understand how much you **produce** carbon emissions and how much you **reduce** (lower) carbon emissions. Lowering your carbon emissions is also called Eco-friendly Emissions.

The carbon emissions you produce are known as your **Carbon Footprint**. The eco-friendly emissions you produce are known as your **Carbon Handprint**. The difference between your Carbon Footprint and your Carbon Handprint is known as your **NetZero** emissions.

You will be asked to track and audit your personal, home, school, and team Carbon Footprint and Carbon Handprint for one (1) week. The personal and home auditing activities are individual assignments that you will share the data you collect with your team. You will also be required to track the Carbon Footprint and Carbon Handprint that you produce and reduce at school and summarize the data you collect as a team.

The purpose of these activities is to identify your personal, home, school, and team NetZero emissions. The objective of these field activities is to assist you to become Eco-friendly Leadership Champions by tracking and auditing carbon emissions daily. The outcome from these activities is to produce [Emissions Audit Reports](#) and use these tools to show how well you manage your personal, home, and school carbon emissions to achieve NetZero. You must complete the five (5) assignments outlined in this handout, as described below:

Team Project Assignment #1

Student teams must review the following **Team Project Overview** handout together with their Flexible Facilitator before completing each of the assignments below:

- Personal Audit Report Activity
- Home Audit Report Activity
- School Audit Report Activity
- Team Audit Report Summary

Team Project Assignment #2

Each team member must complete the **Personal Audit Report Activity** by using the template below:

- [Personal Audit Report Template](#)

Visit the Eco-friendly Emissions for Youth and Adults Forum to engage, interact, collaborate, and fellowship with your peers and team. Complete the following tasks to gain more interactive practice and share with others:

- Create a post in the forum to share your Personal Audit Report data to earn gamification points.
- Interact, engage, and respond to other teams' posts in the forum to earn gamification points.

Team Project Assignment #3

Each team member must complete the **Home Audit Report Activity** by using the template below:

- Home Audit Report Template

Visit the Eco-friendly Emissions for Youth and Adults Forum to engage, interact, collaborate, and fellowship with your peers and team. Complete the following tasks to gain more interactive practice and share with others:

- Create a post in the forum to share your Home Audit Report data to earn gamification points.
- Interact, engage, and respond to other teams' posts in the forum to earn gamification points.

Team Project Assignment #4

The entire team must complete the **School Audit Report Activity** together by using the template below:

- School Audit Report Template

Visit the Eco-friendly Emissions for Youth and Adults Forum to engage, interact, collaborate, and fellowship with your peers and team. Complete the following tasks to gain more interactive practice and share with others:

- Create a post in the forum to share your School Audit Report data to earn gamification points.
- Interact, engage, and respond to other teams' posts in the forum to earn gamification points.

Team Project Assignment #5

The entire team must complete the **Team Audit Report Summary** together by using the template below:

- [Team Audit Report Summary Template](#)

Visit the [Eco-friendly Emissions for Youth and Adults Forum](#) to engage, interact, collaborate, and fellowship with your peers and team. Complete the following tasks to gain more interactive practice and share with others:

- Create a post in the forum to share your Team Audit Report Summary data to earn gamification points.
- Interact, engage, and respond to other teams' posts in the forum to earn gamification points.

Schedule a 1x1 Mentor Session with your Flexible Facilitator or Peer Mentor as needed. Visit the [Schedule an Appointment](#) calendar page to request a meeting.
